Sunday 21<sup>st</sup> May – Wednesday 24<sup>th</sup> May 2017

**Committee Role –Social Media and apps, 7<sup>th</sup> International Clinical Skills Conference**

<b>Title</b>	Miss
<b>First name</b>	Nina Raphaela
<b>Surname</b>	Godson
<b>Job Title</b>	Senior lecturer/lead for clinical skills
<b>Institute / Division</b>	Coventry University
<b>Address</b>	Richard Crossman Building RC210 Priory Street, Coventry CV57AP
<b>Tel. No.</b>	Telephone No:
<b>Extension</b>	
<b>Email address</b>	n.godson@coventry.ac.uk
<b>Biography (long descriptive text) – limited to 400 words</b>	Nina Raphaela Godson is a senior lecture and lead for clinical skills and has developed an expertise for clinical skills and simulation over the past 15 years. She began her career as a registered general nurse, working in the field of medicine. Throughout her career she has actively pursued an interest in healthcare education. Nina then secured a senior Lecturer/lead clinical skills post at Coventry University, where she set up a clinical skills centre and managers a clinical skills team. She is also involved in the design, resourcing and

	<p>delivery of clinical skills to the pre-registration programme .During this time Nina has designed innovative clinical skills equipment for hospitals/University teaching and diabetic clinics. Nina was also chosen to complete research on simulation for the Nursing Midwifery Council, evaluating student nurse learning in the clinical skills laboratory. Additional she has secured funding from the Resuscitation council to compare the effectiveness of face-to-face teaching and self-directed learning of basic life support skills amongst student nurses. Her publications comprise of books on Objective Structured Clinical Examinations, Cardio Pulmonary resuscitation and the use of personal digital assistants in nurse education. Nina has developed E-learning resources on infection control and Cardiopulmonary Resuscitation. Additionally she has been successful at acquiring monies from charity bids for clinical skills equipment, young cares and looked after children projects. More recently shortlisted for two Nursing Times awards for innovation of the year award and undertaken the role as a simulation facilitator over the pre –registration curriculum.</p>
<p><b>Research (long text)</b></p>	<p>2015-2016 Oculus Rift project: Immersive Community Communication (ICC): Development of an immersive learning resource using virtual reality technology, to develop health care students' communication skills.</p>
