

8th International Clinical Skills Conference, Prato Tuscany

Sunday 19th May – Wednesday 22nd May 2019

Committee Role – Operational Committee, Social Media and Conference App,

8th International Clinical Skills Conference

Title	Dr
First name	Lysa
Surname	Owen
Job Title	Senior Clinical Teacher
Institute / Division	Clinical Skills Centre
Address	Ninewells Hospital and Medical School University of Dundee DD1 9SY
Tel. No.	+44 1382 383300
Extension	
Email address	l.e.owen@dundee.ac.uk
Biography (long descriptive text) – limited to 400 words	I am currently senior clinical teacher in Clinical skills at the university of Dundee and lead for Clinical Interactions Course for ScotGEM- a new innovative graduate entry medicine programme as a collaboration between Dundee and University of St Andrews. I have worked in medical education at the University of Dundee since 2005. Before becoming involved in medical education, my clinical background was emergency medicine, and falls interventions for the elderly. As well as undergraduate teaching, research, and clinical practice, I also have a role in supporting and

	developing initiatives around widening access and participation in medicine.
Research (long text)	My areas of research interest include simulation for realistic medicine, barriers to engagement in simulation based learning, motivation for learning, novel uses of simulation in learning and teaching. I completed a Doctorate in Education in 2017.
Teaching (long text)	I am primarily involved with programme development and assessment in the undergraduate and graduate medical programmes.
