Sunday May 16th – Wednesday May 19th 2027
‘Interfaces and Impacts’

Professor Tanja Manser Biography

Professor Tanja Manser is Director of the FHNW School of Applied Psychology, Olten, Switzerland. She is an expert on team performance in healthcare and its relationship to patient safety and clinician well-being. Her research focuses on teamwork in acute care settings, quality and safety of patient hand-offs, clinical risk management, safety climate in healthcare and implementation of patient safety practices.

She has published widely in the field of human factors and health care research and has led multiple research and training programs on patient safety improvement. From 2014-2017 she was Full Professor for Patient Safety and Director of the Institute for Patient Safety at the University Hospital Bonn, Germany. She has served on the editorial board of "Simulation in Health Care" and as a senior editor of "Advances in Simulation" for many years.
