<b>Extension</b>	
<b>Email address</b>	Arunaz.kumar@monash.edu
<b>Biography</b>	Associate Professor Arunaz Kumar is an experienced Obstetrician and Gynaecologist based in Melbourne, Australia. She holds a PhD in "Interprofessional Education Using Simulation in Obstetrics and Gynaecology". She was the Director of Educational Innovation and Research in Women's Health, and now the Evaluation Lead of the Faculty of Medical, Nursing and Health Sciences at Monash University, where she focuses on evaluation of the medicine course especially in

	<p>skills acquisition and competency, clinical based assessments, curriculum innovations and preparedness to practice. Her special interest lies in qualitative evaluation of simulation-based learning to improve clinical skills and interprofessional education. She also likes to evaluate clinical practice in obstetrics and gynaecology using a qualitative approach. She leads the Obstetric and Neonatal Emergency Simulation (ONE-Sim program) to enhance maternal and neonatal health outcomes in low and middle-income countries, particularly in India. Besides her clinical and research work, she loves to pursue art and travel</p>
